Dashboard Integration

Comprehensive dashboard that seamlessly integrates with existing school systems, providing real-time insights and analytics for administrators and teachers.

Progress Monitoring

Advanced progress tracking features that monitor student performance over time, identifying learning gaps and providing actionable insights for improvement.

Teacher-Created Content

Empower teachers to create and customize assessment content tailored to their curriculum and student needs, ensuring relevance and engagement.

Testing Students Knowledge and Skills the Erudition Way

Test-creation is only one of the many responsibilities that a classroom teacher faced in the classroom. As such it demands sufficient amount of teacher's time and effort.

We'll do it for you!

STAAR

Six Full Test for Algebra 1

Item Analysis to identify student's strength and Weaknesses

Data dashboard for progress monitoring
